

NPOL Report for Monday, 3 June 2013

Submitted by tjang on Mon, 2013-06-03 12:05

Date:

Monday, June 3, 2013 - 12:00

Instrument List:

- [Green](#)

Discussion:

NPOL is staffed again. Data filters were relaxed a bit as of 1610 UTC on all NPOL scans, so more noise and artifacts will show up in the data going forward, but hopefully also less irrevocable deletion of good data.
